And
DELAWARE STATE UNIVERSITY**

PROGRAM ARTICULATION AGREEMENT

**Associate Degree
Human Services**

**Baccalaureate Degree
Social Work**

2018 through 2023

Associate-Baccalaureate Program Articulation Agreement

between

**Delaware Technical and Community College
and
Delaware State University**

**for
Human Services/Social Work**

AGREEMENT

WHEREAS Delaware Technical and Community College, and Delaware State University are committed to expanding educational opportunities for the citizens of the State of Delaware, and

WHEREAS the two institutions are committed to providing a smooth transition for students wishing to earn an associate degree and a baccalaureate degree, and

WHEREAS the intent of the two institutions is to avoid duplication of curricula where appropriate within articulated programs of studies, and

WHEREAS the two institutions better serve the educational growth of students and the economic development of the community through cooperative educational planning and optimal utilization of community resources,

BE IT HEREWITH RESOLVED that this agreement commits the partners to full support of an articulation process between similar academic programs offered by the two institutions.

PROVISIONS OF THE AGREEMENT

1. This program articulation agreement applies to Delaware Tech's Associate Degree Program in Human Services and Delaware State University's Bachelor of Science Degree Program in Social Work.
2. The institutions agree to follow the joint program curriculum and course by course articulation delineated in this document.
3. Both educational institutions will cooperate toward developing, disseminating, and presenting the articulated program information to students.
4. Graduates of the Delaware Tech program who have completed the associate degree in Human Services with a cumulative grade point average of 2.5 or higher will automatically be granted admission to Delaware State University as a Social Work major. However, in compliance with the Council on Social Work Education's accreditation requirements, a student's admission to the Baccalaureate Social Work professional program is a separate process. Students must apply for admission to the professional program no later than the end of the first semester of the student's junior year at Delaware State University. The student must have earned a cumulative GPA of 2.5 as well as a GPA of 2.5 in Human Services and related courses as well as Social Work courses. Students who have met GPA requirements as well as other program admission requirements as indicated in the BSW Student Handbook (link available at <http://www.desu.edu/health-and-public-policy/undergraduate-program-social-work>) will automatically be admitted to the Social Work professional program.
5. All articulated course credits earned with a C or better will be accepted for transfer according to the program matrix.
6. Students intending to transfer should complete the admissions application for Delaware State University following the third semester of their associate degree program.
7. Students are subject to all the policies and procedures of both institutions.
8. Students are subject to all specific policies pertaining to students admitted to the Social Work Degree Program.
9. This articulation agreement is based on the present curricula contained in this document and is effective for five years from the date of signing by both parties.
